3. Participation in New Product Development and Technology projects
4. Support of engineering activities:
  - Conceptual design
  - Materials data analysis
  - Production and testing support
  - Basic numerical simulation

### ADDITIONAL INFORMATION

Dormitory is not confirmed and may be available only for holidays (July-September), so in the other period student must be ready for finding accommodation with help from the LC. Latest possible start date 1/10/2025. - Interns work stationary (remote work is not possible). - The company signs the contract at least 2 weeks before hiring. - Before starting the work, an initial medical examination is required (you must attend an appointment at the recommended medical center at least 2 weeks before the employment). - Each employment begins with a two-day initial training - the trainee will start work from the beginning of the month. For these reasons, the student should arrive minimum 2 weeks before the start of the internship and include this in the dates given on the nomination.

Deadline for Nomination - 01-Mar-2025

Date - 25-Jan-2025

On Behalf of Receiving Country - IAESTE Poland
